

## UPW/Chemical/Gas Multi Sampling System

**Model: NT-MSS-DI-4F**

### Feature:

- ◆ Easy to use
- ◆ Up to 4 or 6 sample connection available
- ◆ By pass flow control
- ◆ VICI Multi Position Valve
- ◆ Valve life time calculation

### Benefit:

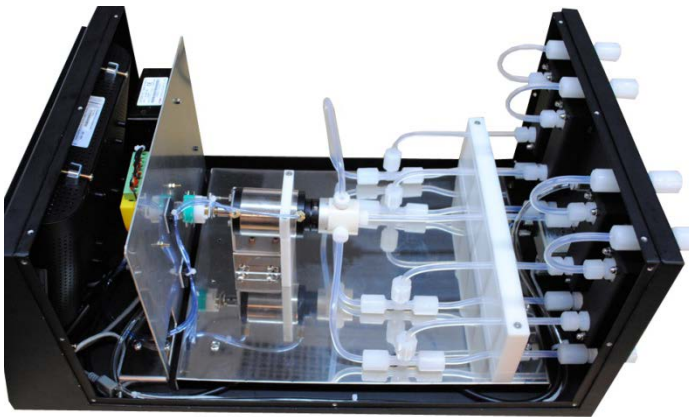

- ◆ Real time monitoring of defect-causing particles
- ◆ Automatic UPW Sample Changing
- ◆ Low Cost solution for multipoint monitoring
- ◆ Proven technology provides reliable and accurate data

## Specifications:

- ◆ Sample Connection: 1/4" PVDF
- ◆ By pass sample flow: up to 1liter/min
- ◆ Valve: 4 or 6 ports multi position valve
- ◆ Actuation: Rotor type air actuation
- ◆ Valve Life time: 100,000 changing
- ◆ Pressure condition: up to 100 psig (higher pressure is available)
- ◆ Communication: TCP/IP Mod-bus
- ◆ Power condition: 220VAC / 60Hz
- ◆ Size: 350(W) x 580(L) x 250(H)

**Patent: KOR 10-1215438**
